| A	a	

The capital letter and lower case letter are both code for the /**a**/ sound as in **a**pple, **a**nt, **a**rrow, **a**ctor, **a**stronaut. Point under each letter and say /**a**/. Finger-trace the letter shapes and say /**a**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**a**/ sound.

B	b	
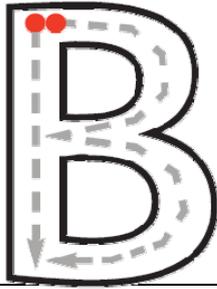

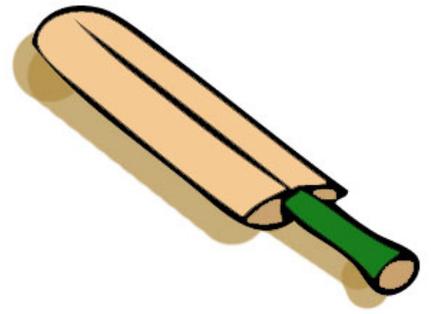

The capital letter and lower case letter are both code for the /**b**/ sound as in **b**at, **b**all, **b**ag, **b**ucket and **b**elt.
Point under each letter and say /**b**/. Finger-trace the letter shapes and say /**b**/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /**b**/ sound.

C c
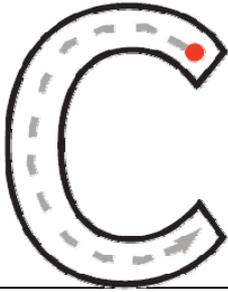

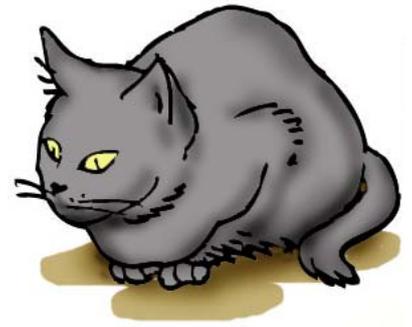

The capital letter and lower case letter are both code for the /k/ sound as in **c**at, **c**up, **c**loud, **c**rab and **c**astle.
Point under each letter and say /k/. Finger-trace the letter shapes and say /k/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /k/ sound.

D d
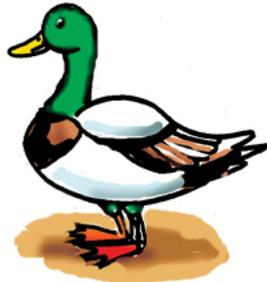

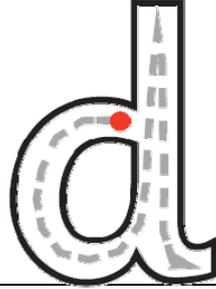

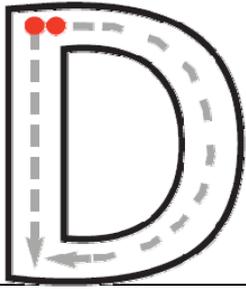

The capital letter and lower case letter are both code for the /d/ sound as in **d**ig, **d**uck, **d**olls, **d**ress and **d**oor.
Point under each letter and say /d/. Finger-trace the letter shapes and say /d/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /d/ sound.

E e
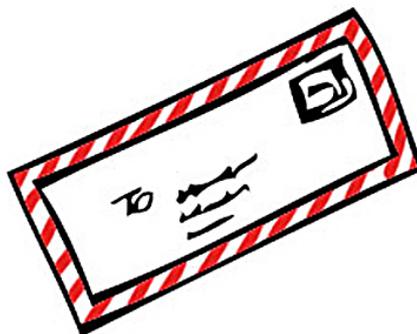

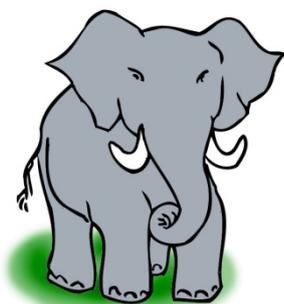

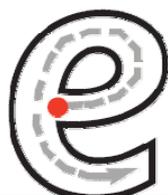

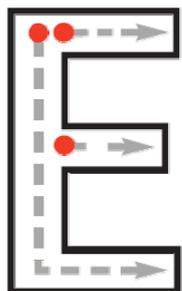

The capital and lower case letters are both code for the /e/ sound as in **e**gg, **e**lephant, **e**nvelope, **e**xplorers, **e**ngine. Point under each letter and say /**e**/. Finger-trace the letter shapes and say /**e**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**e**/ sound.

F	f	
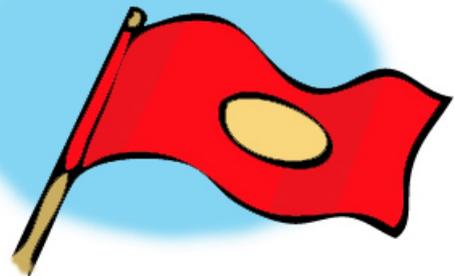

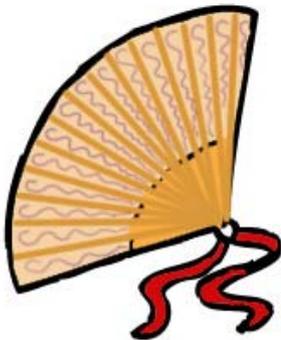

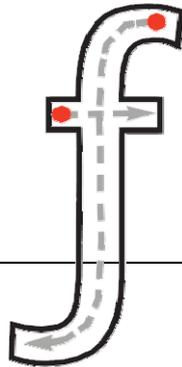

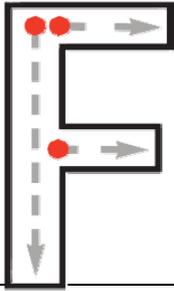

The capital letter and lower case letter are both code for the /f/ sound as in **f**eathers, **f**an, **f**ork, **f**ish and **f**lag.
Point under each letter and say /f/. Finger-trace the letter shapes and say /f/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /f/ sound.

G	g	
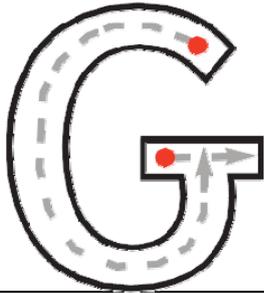

The capital letter and lower case letter are both code for the /g/ sound as in **g**irl, **g**olf, **g**ong, **g**lue and **g**lasses.
Point under each letter and say /g/. Finger-trace the letter shapes and say /g/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /g/ sound.

| H | h | |
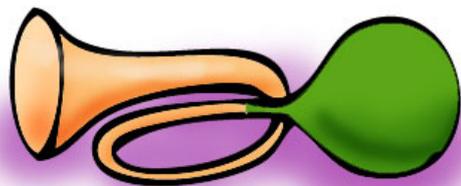

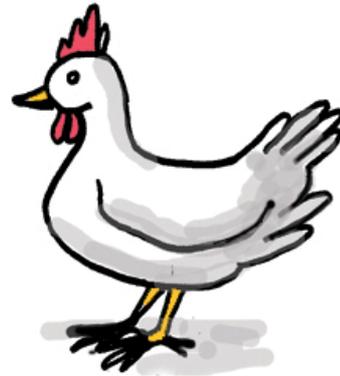

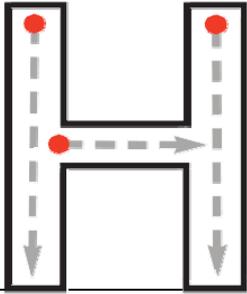

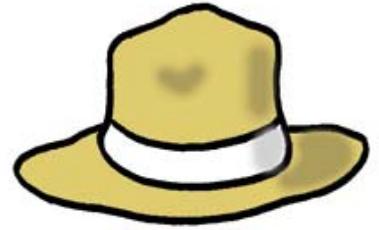

The capital letter and lower case letter are both code for the /**h**/ sound as in **h**at, **h**air, **h**en, **h**ands and **h**orn.
Point under each letter and say /**h**/. Finger-trace the letter shapes and say /**h**/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /**h**/ sound.

I	i	
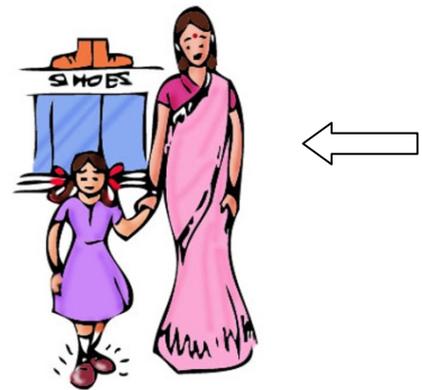

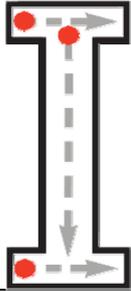

The capital letter and lower case letter are both code for the /i/ sound as in **i**nsect, **i**ll, **i**nk, **i**njury and **I**ndian lady. Point under each letter and say /i/. Finger-trace the letter shapes and say /i/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /i/ sound.

J	j	
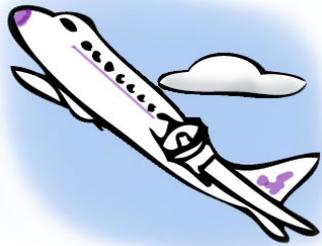

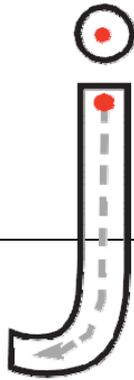

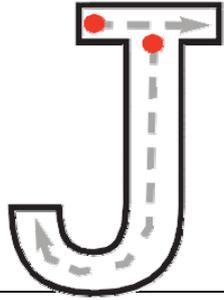

The capital letter and lower case letter are both code for the /j/ sound as in **j**ug, **j**et, **j**am, **j**uggle and **j**ungle.
Point under each letter and say /j/. Finger-trace the letter shapes and say /j/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /j/ sound.

| K | k | |
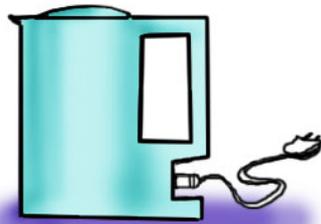

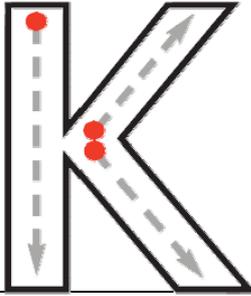

The capital letter and lower case letter are both code for the /**k**/ sound as in **k**it, **k**ettle, **k**ite, **k**ing and **k**ey.
Point under each letter and say /**k**/. Finger-trace the letter shapes and say /**k**/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /**k**/ sound.

L	l	
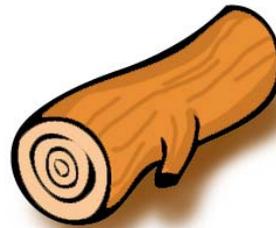

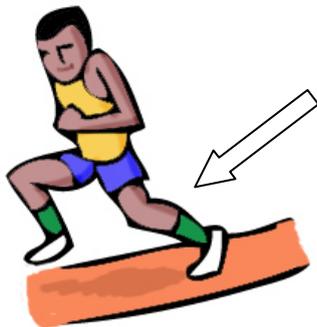

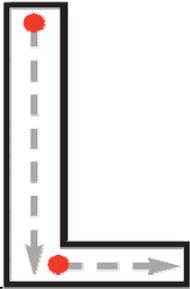

The capital letter and lower case letter are both code for the /l/ sound as in ladder, leg, log, leaf and lamp.
Point under each letter and say /l/. Finger-trace the letter shapes and say /l/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /l/ sound.

M m
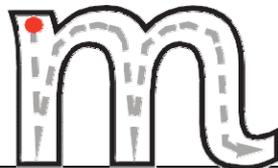

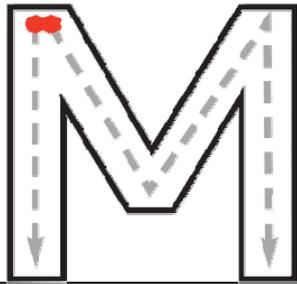

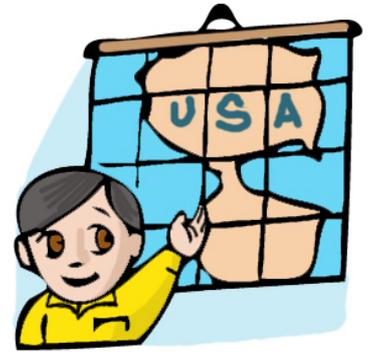

The capital letter and lower case letter are both code for the /**m**/ sound as in **m**ap, **m**oon, **m**outh, **m**ouse, **m**onkey. Point under each letter and say /**m**/. Finger-trace the letter shapes and say /**m**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**m**/ sound.

N   n
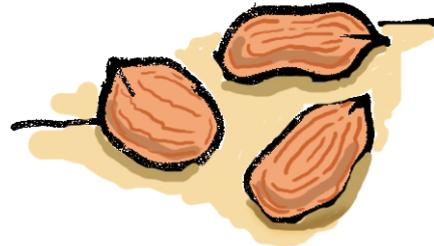

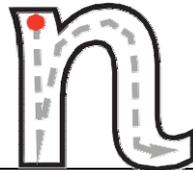

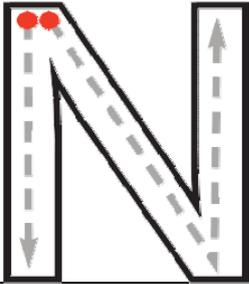

The capital letter and lower case letter are both code for the /**n**/ sound as in **n**et, **n**est, **n**uts, **n**ight and **n**urse.
Point under each letter and say /**n**/. Finger-trace the letter shapes and say /**n**/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /**n**/ sound.

O	o	
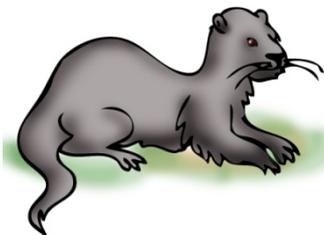

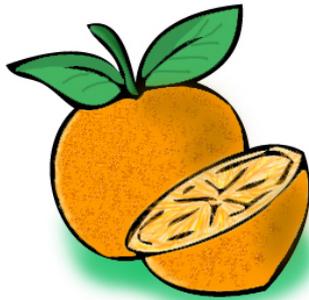

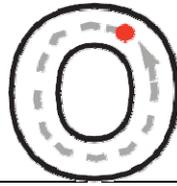

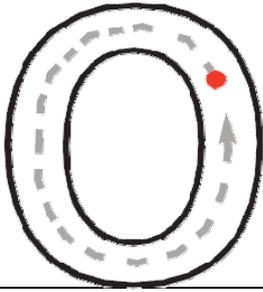

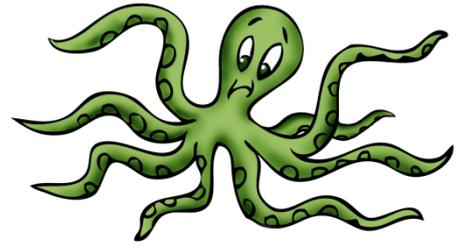

The capital and lower case letters are code for the /**o**/ sound as in **o**ctopus, **o**range, **o**dd (shape), **o**tter, **o**strich. Point under each letter and say /**o**/. Finger-trace the letter shapes and say /**o**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**o**/ sound.

P	p	
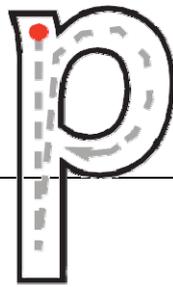

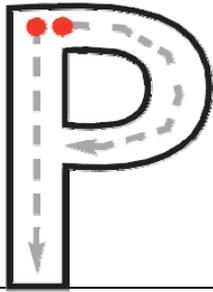

The capital and lower case letter shapes are both code for the /**p**/ sound as in **p**an, **p**urse, **p**arachute, **p**uppet, **p**atch. Point under each letter and say /**p**/. Finger-trace the letter shapes and say /**p**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**p**/ sound.

QU qu

QU qu
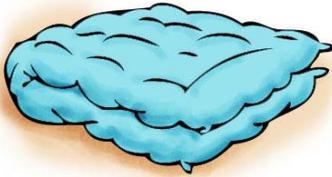

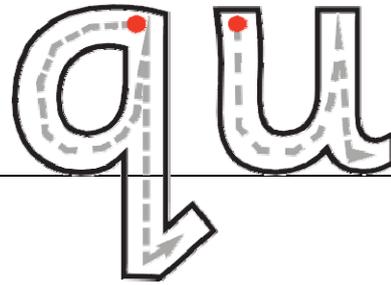

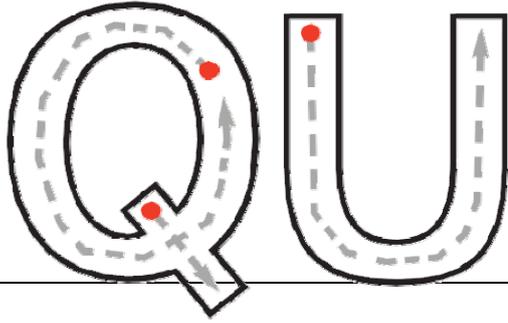

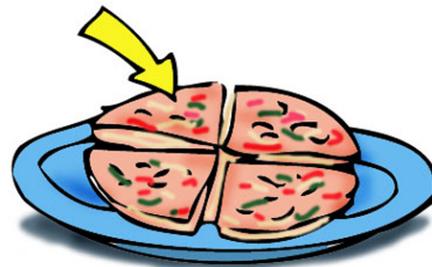

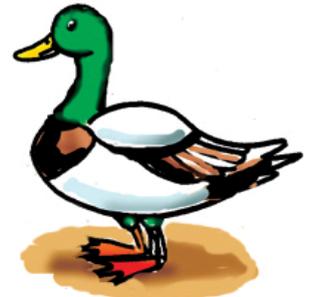

quack quack

The upper and lower case **letter groups** are both code for /**kw**/ as in **qu**een, **qu**ilt, "**qu**ack", **qu**ick and **qu**arter. Point under 'qu' and say /**kw**/. Finger-trace the letter groups 'qu' and say /**kw**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**kw**/ sound.

| R | r | |
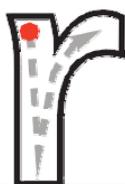

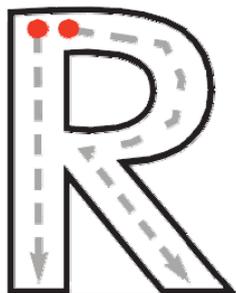

The capital and lower case letter shapes are both code for the /r/ sound as in **r**at, **r**ing, **r**ain, **r**un and **r**abbit.
Point under each letter and say /**r**/. Finger-trace the letter shapes and say /**r**/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /**r**/ sound.

S	s	
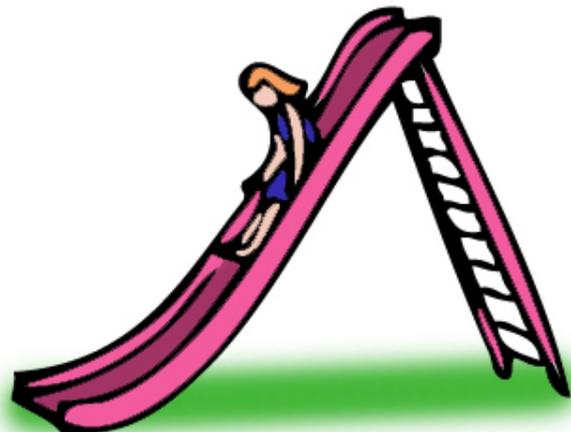

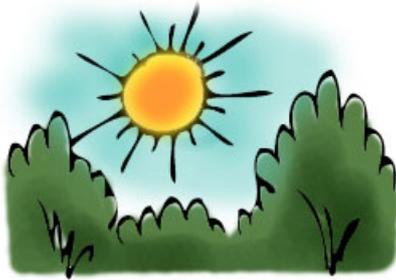

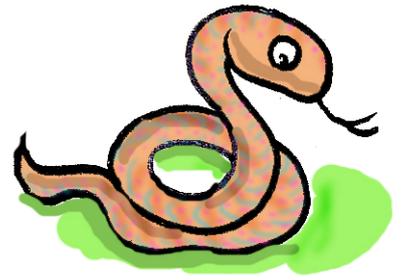

The capital and lower case letter shapes are both code for the /**s**/ sound as in **s**nake, **s**un, **s**tar, **s**wim and **s**lide. Point under each letter and say /**s**/. Finger-trace the letter shapes and say /**s**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**s**/ sound.

T	t	
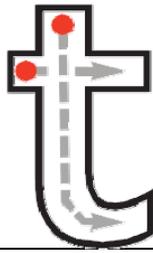

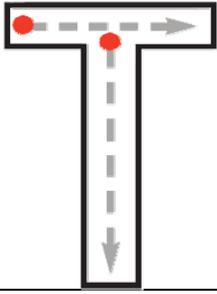

The capital and lower case letter shapes are both code for the /**t**/ sound as in **t**eddy, **t**ent, **t**oy, **t**able and **t**rain. Point under each letter and say /**t**/. Finger-trace the letter shapes and say /**t**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**t**/ sound.

U u
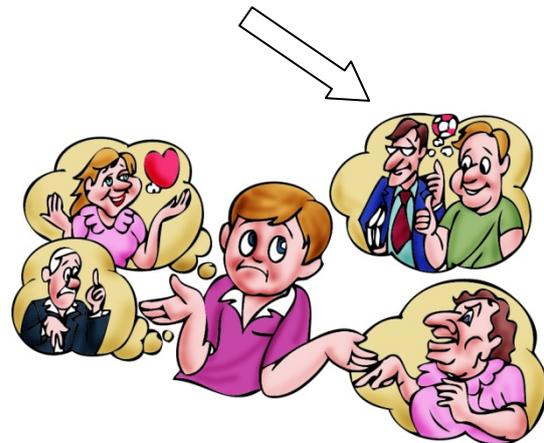

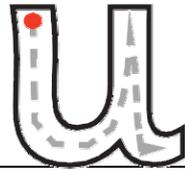

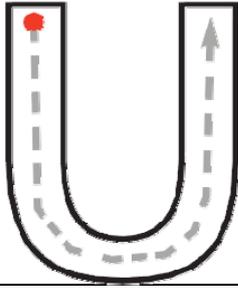

The letter shapes are both code for the /**u**/ sound as in **u**mbrella, **u**nder, **u**p in the sky, **u**pside down and **u**ncle.
Point under each letter and say /**u**/. Finger-trace the letter shapes and say /**u**/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /**u**/ sound.

V v
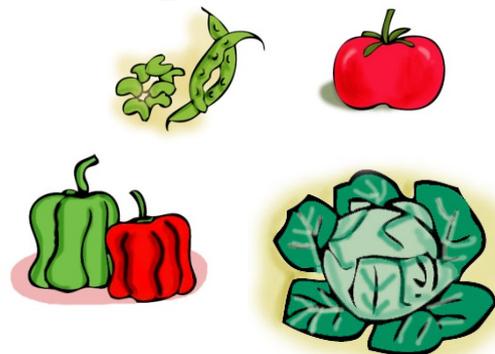

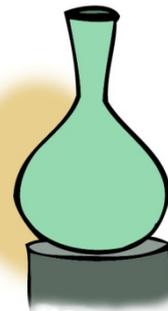

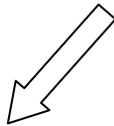

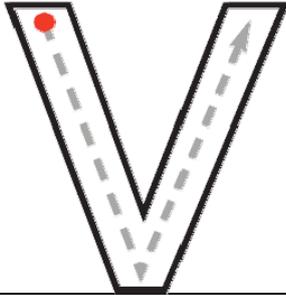

The capital and lower case letter shapes are both code for the /**v**/ sound as in **v**iolin, **v**an, **v**ase, **v**iew and **v**egetables. Point under each letter and say /**v**/. Finger-trace the letter shapes and say /**v**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**v**/ sound.

W w

W w
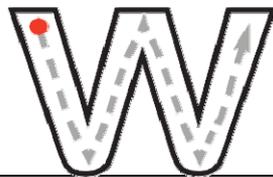

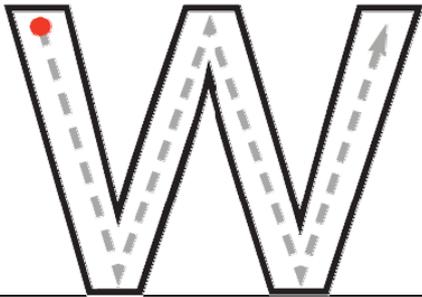

The capital and lower case letter shapes are both code for the /**w**/ sound as in **w**eb, **w**et, **w**igs, **w**atch and **w**eaving. Point under each letter and say /**w**/. Finger-trace the letter shapes and say /**w**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**w**/ sound.

X	x	
		fox
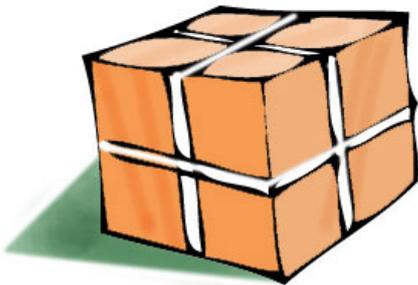

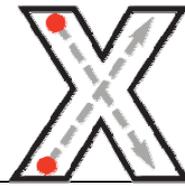

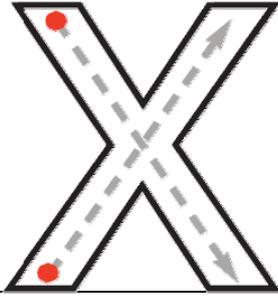

The capital and lower case letter shapes are both code for the /**ks**/ sound as in fo**x**, bo**x**, wa**x** crayons, ta**x**i, mi**x**er. Point under each letter and say /**ks**/. Finger-trace the letter shapes and say /**ks**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**ks**/ sound.

| Y | y | |
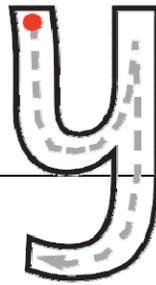

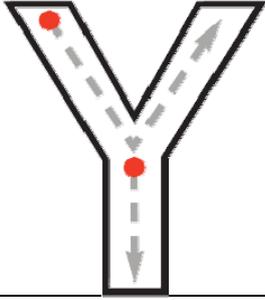

The capital and lower case letter shapes are both code for the /**y**/ sound as in **y**awn, **y**acht, **y**ogurt, **y**o-**y**o and **y**ak. Point under each letter and say /**y**/. Finger-trace the letter shapes and say /**y**/. Write the letter shapes 'in the air'. Say each word slowly and focus on the mouth movements for the /**y**/ sound.

Z	z	
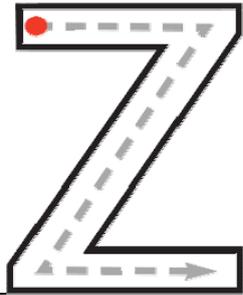

zzzzzz

The capital and lower case letter shapes are both code for the /z/ sound as in **z**ebra, "**zzzzz**", **z**ip, **z**ig**z**ag and **z**oo.
Point under each letter and say /z/. Finger-trace the letter shapes and say /z/. Write the letter shapes 'in the air'.
Say each word slowly and focus on the mouth movements for the /z/ sound.
