

**Do you have  
devices you no  
longer use?**

**Help #WFConnect by donating your  
old technology.**

**It could be tablets, laptops, or dongles but  
should have minimum Windows 7, be in  
working order, and sanitised.**

It will then go on to be refurbished and  
distributed to local children and young people  
to support their remote learning.

To donate, either as an individual or business,  
please contact [digitaldonations@wakefield.  
gov.uk](mailto:digitaldonations@wakefield.gov.uk). The team will then get back in touch  
with you to arrange a collection.
